Watertown Coffee & Saloon
Colors and Typography

Main Headline Typography

The main headline typography was based off of the Watertown Coffee on the right. The closest match available for free is Impact. This is the typeface used for all headlines and the main navigation.

Secondary Typography

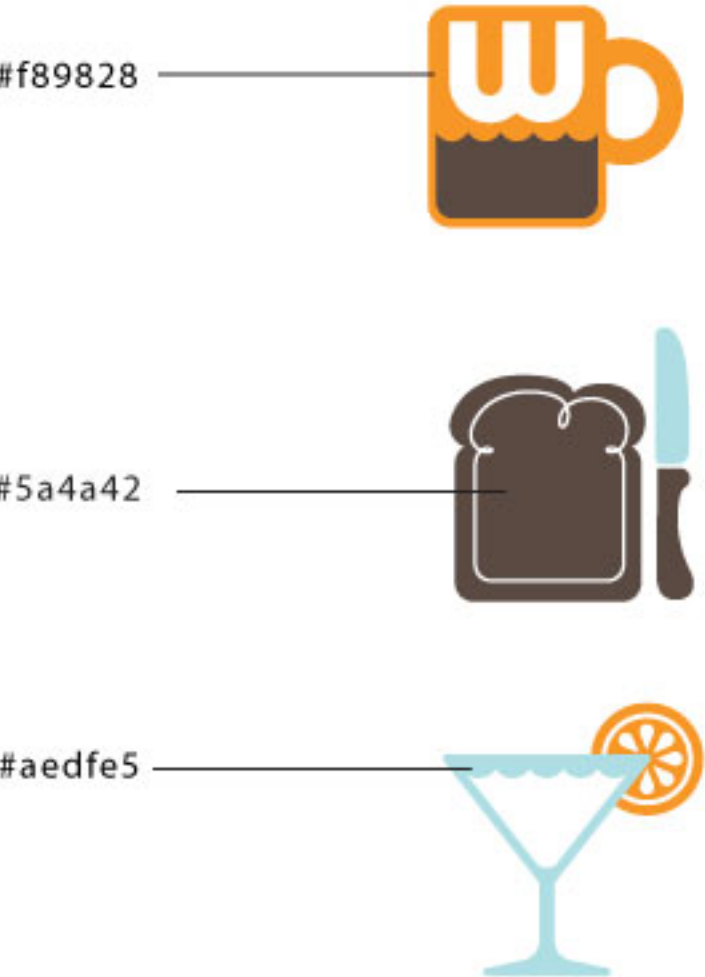

The body copy and secondary typeface is Trebuchet MS. This was picked because it is supported by all browsers and provides enough contrast with the headline type to stand out while being extremely readable.

Color Palatte

The three based colors in the color palatte were pulled from the artwork provided. From those three base colors, 20% tints and shades were created to futher extend the palatte.
